

TO THAW DYNAMITE.

Cartridges Were Put in a Stove, Causing a Fatal Explosion.

TWO KILLED AND ONE INJURED.

A Disappointed Maiden Takes Nearly an Ounce of Arsenic.

ALL THE NEWS FROM NEARBY TOWNS

SPECIAL TELEGRAM TO THE DISPATCH.

BRADFORD, December 6.—An explosion of dynamite at Howard Junction today killed G. Mahreita and D. Tuttle, Italians, aged respectively 35 and 28 years, and seriously injured G. Marganita, a young Hungarian, aged 18 years. Seventy-five men engaged in construction work on the new Bradford and Johnstown Railroad. The three unfortunate men went to a shanty to thaw out frozen dynamite cartridges for blasting purposes. While engaged in this work, a terrible explosion took place, blowing the shanty to splinters and throwing the men quite a distance.

Tuttle was killed instantly and Mahreita died in a short time. Both men were terribly mangled. Mahreita's body being torn limb from limb. Marganita was blown into the air and every stitch of his clothing stripped from his body, nothing but his shoes being left on his person. He is badly cut and bruised, but will recover.

GUILTY IN THE FIRST DEGREE.

A Verdict of Murder Can Be Secured at Johnstown.

SPECIAL TELEGRAM TO THE DISPATCH.

JOHNSTOWN, December 6.—The jury in the Carter-Mathews murder case rendered a verdict of guilty in the first degree this afternoon. The jury was polled and each juror responded "guilty in the first degree." A motion in arrest of judgment and for a new trial was entered. Charles Carter, the convicted murderer, is 25 years of age. He came here two years ago from Winchester, Va. The murder was the result of quarrel about a white girl named Emma Dunn, with whom Carter and John Mathews, both colored, were infatuated.

On the evening of November 4 they met on the street and Carter at once opened fire on Mathews. Two bullets took effect in Mathews' body, killing him in a few hours. It is said Carter had a brother who was hanged in Pittsburgh a few years ago, and that he has two brothers still in that city.

A PAIR OF EASTERN CROOKS

Sentenced to Long Terms on the Charge of Attempted Burglary.

SPECIAL TELEGRAM TO THE DISPATCH.

BEAVER FALLS, December 6.—Edward Nelson and Frank Frazer pleaded guilty of attempted burglary this afternoon, and were sentenced by Judge Wickham. The former was given three years and nine months, and the latter three years and ten months in the Western Penitentiary. They are the persons who were arrested at Rochester some weeks ago while attempting to sell a lot of postage stamps.

Upon them were found several revolvers, knives and extra clothing, evidently stolen. They were locked up, and the same night escaped and attempted to force an entrance to Butler & Jackson's clothing store, when they were captured by Officers Lazarus and Brooks. Nelson is 19 years old, and claims to be from New York City. Frazer is 24 years of age, and gives Boston as his home.

A SEARCHING INVESTIGATION

As to the Cause of the Day Express Wreck at Greensburg.

SPECIAL TELEGRAM TO THE DISPATCH.

GREENSBURG, December 6.—The Pennsylvania Railroad Company officials are making a searching investigation as to the cause of the accident on the Southwest Junction on Wednesday when the day express collided with a freight. Daniel Williams, the operator at the block, has been indefinitely suspended, and Henry Wise, the track boss, who had a number of men working in the neighborhood of the switch, and who was off duty, has been temporarily suspended.

The switch that caused the accident is an automatic one, and it is believed that it did not go back into its position after the Southwest passenger train, an hour before, passed over it.

AN ALLEGED INCENDIARY

Arrested Within a Few Hours After the Commission of the Crime.

SPECIAL TELEGRAM TO THE DISPATCH.

MEADVILLE, December 6.—A. W. Sipps, of Coopersville, Pa., was arrested here today for burning the Harmonsburg Cheese Factory, near this city. The building, which was owned by Sipps and was insured for \$825, was fired about 1 o'clock this morning and totally destroyed.

An hour later officers with lanterns were trailing a fresh buggy which had fled from this city to the factory and back, and before daylight Sipps was in jail. The evidence against him is very strong.

A CASH CARRIER COMPANY

Sells Out to a New York Firm to Settle a Suit.

SPECIAL TELEGRAM TO THE DISPATCH.

MANFIELD, O., December 6.—The biggest business transaction of the year in this city was consummated last night by the Barr Cash and Package Carrier Company of this place, and Sampson Store Service Company, of New York. The stock of the first named company was sold to the New York concern for \$200,000.

The negotiations have been on for nearly a year, during which time there has been some litigation about patents and a damage suit for \$100,000 for libel brought by the Sampson people, but the preliminary steps of this suit were decided against the Sampson Company. Samuel Barr, the inventor, gets \$200,000.

DISAPPOINTED IN LOVE.

A Young Buckeye Maiden Ends Her Life With an Ounce of Arsenic.

SPECIAL TELEGRAM TO THE DISPATCH.

ZANESVILLE, O., December 6.—At Fultonham, a village a few miles from here, Miss Lizzie Wiseman purchased an ounce of arsenic, stating to the druggist that she intended to use it for rats. She stepped across the street to the home of a relative and took nearly all of it.

When asked what she had been doing she confessed to having taken it, and was given an emetic, but her life could not be saved. She had been disappointed in love and the act was doubtless due to temporary insanity induced by worry. She was a modest, retiring girl, and of good family.

Chloroform and Camphor.—It is said that the price of chloroform will advance 25 per cent on account of the two leading makers deciding to quit fighting and get revenge out of the public. The advance on gum camphor is based on the cutting down of the camphor trees in Japan during the rebellion in that country 22 years ago. As the tree grows in Sumatra, Borneo, China and other parts of the world long continued high prices may stimulate propagation.

PITTSBURGH TELEPHONES, how they are operated and by whom, is told in to-morrow's DISPATCH by Walea.

THE CALIFORNIA CODE.

A Duel With Swords According to the Rules at Home.

POMONA, CAL., December 6.—A duel was fought near this city on Tuesday evening in strict accordance with the code. The affair was kept secret, but notwithstanding the care exercised to keep it from the public the facts came out. Since October last two prominent young men from Pomona—Harry Lucas, formerly of Louisiana, and Herbert Priestly, both aged 19 years—have been rivals for the hand of a young lady of excellent family. They have had frequent quarrels, and recently came to blows. Finally Lucas challenged Priestly to fight with Spanish rapiers. The challenge was accepted, and the two men met on the ball grounds.

Lucas, who is both wiry and quick, and a practiced fencer, was quickly seen to be the better of the two. The arrangements were for three minute bouts. At the end of the second bout, when Priestly had been cut in the breast and head and twice in the shoulder, the seconds became alarmed and stopped the fight. Priestly's wounds were dressed and he was taken away from town. Lucas has also disappeared. The seconds are here and known, but no arrests have been made. The young men are of good families and the story of the fight has caused much excitement.

DEATH FROM COAL GAS.

A Small Heating Stove Caused the Death of Two Women.

CHICAGO, December 6.—This morning Mrs. Anderson, who lives in a tenement house at 865 Gross avenue, together with Mrs. Olinia Kaudson, heard a strange noise in the room of the latter, and, supposing that it was caused by sickness, tried to gain admittance to her apartments. Finding the door locked, and, receiving no answer from within, Mrs. Anderson called in a neighbor who pried open the door. Lying on the bed were Mrs. Kaudson and a Miss Mary Lee, a young lady who has been visiting at the house from Milwaukee, both in an unconscious condition. A strong odor of gas permeated the room, which escaped from a small heating stove. All the windows and doors in the room were tightly closed.

A physician was promptly called but Miss Lee had expired before medical aid could be given. Mrs. Kaudson remained in an unconscious state until this evening, when she also died. The coroner has held an inquest in both cases, the jury finding a verdict of accidental asphyxiation by coal gas escaping from the stove.

AN OCEAN RECORD BROKEN.

The Time From Yokohama to San Francisco Considerably Reduced.

SAN FRANCISCO, December 6.—The Pacific Mail Company's new steamer China arrived from Hong Kong and Yokohama this morning, making the voyage from the latter port in 12 days and 11 hours, thus beating all trans-Pacific records.

The best time previously made between Yokohama and San Francisco was 13 days and 14 hours, and between Yokohama and Vancouver 13 days and 6 hours.

THE BEAUTIFUL SNOW.—The odd conceits of various nationalities are given in to-morrow's DISPATCH by F. S. Bassett.
